Dear Parent / Carers

Re: September 2020 BSC & ASC

As you are probably aware there are several schools in the area who have their own BSC & ASC provisions. Due to Covid-19 they will not be opening in September. We have managed to ensure that this is not the case at Mesne Lea Primary School.

We would like to inform you of how we will be running the BSC & ASC from 7th September 2020.

In order to maintain the recommended guidance, we will be keeping the children who will be attending our provision in their year group bubbles.

The club will still be accessed through the BSC & ASC entrance at the same times. There will be an adult waiting at the door to welcome you. Please ensure that you are adhering to social distancing rules whilst you are waiting to drop off or collect any students.

	Start Date
Nursery	14/09/2020
Reception	10 + 11/09/2020
Year 1 – Year 6	07/09/2020

Opening Times

Unfortunately, we will not be open on a Monday for ASC only. This is due to our weekly staff meeting.

	MON	TUE	WED	THURS	FRI
BSC	7.30 – 8.55	7.30 – 8.55	7.30 – 8.55	7.30 – 8.55	7.30 – 8.55
ASC	CLOSED	3.30 – 5.30	3.30 – 5.30	3.30 – 5.30	3.30 – 5.30

These times are subject to change and will be reassessed in October 2020.

Please be aware that if any student or staff member develops any Coronavirus symptoms, this will then mean that their bubble will have to self-isolate for 14 days.

The most common symptoms of coronavirus (COVID-19) are recent onset of any of the following:

A new continuous cough

A high temperature (fever)

A loss of, or change in, your normal sense of taste or smell (anosmia)

Any one of the above symptoms gives reason for high level of suspicion for COVID-19.

A well person or child: feels 100% well, seems themselves and not displaying any changes in behaviour or their daily routines.

An unwell person or child could be a possible case of COVID-19.

A combination of symptoms below gives reason for high level of suspicion for COVID-19.

Vomiting/nausea/off their food, diarrhoea, sleeping more than usual, complaining of not feeling themselves, listless/restless/agitated, shortness of breath, feeling cold, headache, severe body aches, sore throat/congested or runny nose - anything that is not feeling themselves.

For fevers, the NHS advice is to look for a high temperature – ‘this means you feel hot to touch on your chest or back; you do not need to measure your temperature’.

Dealing with suspected cases

1. Pupils, staff or any member of the school community should not attend school if they are unwell as outlined above. Parents should not send their child to school/setting. If anyone in the household is unwell, awaiting testing or has tested positive for COVID then they **should not** attend the school or setting.
2. If someone becomes unwell in school, they should be sent home and advised to isolate while awaiting the result of a COVID test. The school or setting should undertake any necessary cleaning after someone has been unwell on the premises. All staff are aware of the need for PPE for cleaning or dealing with an unwell person.

For more information you can access the government website <https://www.gov.uk/coronavirus>

Yours sincerely

Ms A Nelson
Head teacher
